Dear CWCS Parents~

The Novel Coronavirus, COVID-19, was declared a worldwide pandemic by the World Health Organization on March 11, 2020. COVID-19 is extremely contagious and is believed to spread mainly from person-to-person contact. As a result, in recent months federal, state, and local governments and health agencies have prohibited and/or limited the congregation of groups of people and required social distancing. At this time, these governments and agencies have determined some level of congregation may be acceptable in school settings, although they have warned that any congregation of people poses potentially significant risks associated with contracting COVID-19 even when precautions are taken to minimize these risks.

While we continue to provide independent study instruction to our students for the 2020-21 school year, CWCS students will have the opportunity to resume in-person meetings and site-based activities with vendors, along with offering students to come to their school’s resource center for limited services.

Services may include:

- Occasional in-person instructional meetings
- Special education testing
- English Language Proficiency Assessments for California (ELPAC)
- Any school required testing
- Parents and teachers are able to mutually agree to schedule in-person visits by teachers at a school approved location

Signing the waivers is only required if your student(s) will be attending in-person vendor services and/or coming to school’s campus and/or or having In-Person Meetings with your Education Specialist. You are not required to sign this waiver if you seek to continue with independent study instruction with no In-Person Meetings and/or vendor’s service is only online. Please print and sign the appropriate waiver’s documents linked below if you are electing to voluntarily participate in the in-person meetings with your ES, visit your school’s resource center, and/or vendor in-person services. You will need to sign and return each waiver’s complete document (all pages) to the school office via mail, or scan and email the entire document, including the signature page to: waiver@cwcharter.org. Please allow up to 48 hours for processing before scheduling an appointment at your school resource center or with your ES as the waiver must be verified and on file before school in person services may begin.
Everyone should be conducting a self-check before visiting a resource center, dropping off or picking up materials, attending classes, meeting with ESs or any school-related business that takes you outside of your home. Please always remember to properly wear your mask, and wash and sanitize your hands frequently.

If the answer is yes to any of these questions, please stay home. Keep everyone safe.

1. Over the past 24 hours, have you been experiencing any fevers? (Fever over 100°)
2. Over the past 24 hours, have you been experiencing any respiratory symptoms (cough or difficulty breathing)?
3. Over the past 24 hours, have you experienced symptoms such as muscle aches, sore throat, or loss of taste and smell?
4. Have you traveled within the past two weeks? (outside of the state)
5. Have you in the past two weeks been in close contact with a person, including a health care worker, who is known or suspected to have COVID-19?

You may access the full Protocol for Visiting School Facilities During COVID-19 Pandemic by clicking on this link. Protocol for Visiting School Facilities During COVID-19 Pandemic. Please note that waivers will be posted on each school’s website.

Sincerely~
CWCS Administration
